产品概述 Abcam's IL-17a Human in vitro ELISA (Enzyme-Linked Immunosorbent Assay) kit is designed for

the quantitative of IL-17a in supernatants, buffered solutions, serum, plasma and other body fluids.

A monoclonal antibody specific for IL-17a has been coated onto the wells of the microtiter strips provided. Samples, including standards of known IL-17a concentrations, control specimens or unknowns are pipetted into these wells. During the first incubation, the standards or samples and

1

a biotinylated monoclonal antibody specific for IL-17a are simultaneously incubated. After washing, the enzyme Streptavidin-HRP, that binds the biotinylated antibody is added, incubated and washed. A TMB substrate solution is added which acts on the bound enzyme to induce a colored reaction product. The intensity of this colored product is directly proportional to the concentration of IL-17a present in the samples.

This kit will recognize both endogenous and recombinant Human IL-17a.

**平台** Microplate

### 性能

**存放**说明 Store at +4°C. Please refer to protocols.

功能 Induces stromal cells to produce proinflammatory and hematopoietic cytokines. Enhances the

surface expression of the intracellular adhesion molecule-1 (ICAM-1) in fibroblasts.

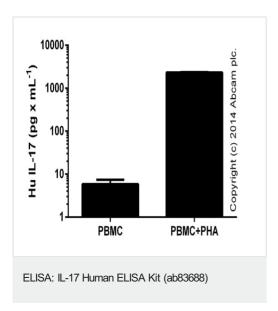

组织**特异性** Restricted to activated memory T-cells.

序列相似性 Belongs to the IL-17 family.

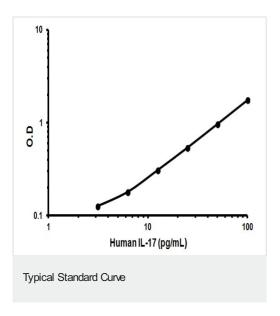

翻译后修饰 Found both in glycosylated and nonglycosylated forms.

细胞定位 Secreted.

#### Our Abpromise to you: Quality guaranteed and expert technical support

- Replacement or refund for products not performing as stated on the datasheet
- Valid for 12 months from date of delivery
- Response to your inquiry within 24 hours
- We provide support in Chinese, English, French, German, Japanese and Spanish
- Extensive multi-media technical resources to help you
- We investigate all quality concerns to ensure our products perform to the highest standards

If the product does not perform as described on this datasheet, we will offer a refund or replacement. For full details of the Abpromise,

please visit <a href="https://www.abcam.cn/abpromise">https://www.abcam.cn/abpromise</a> or contact our technical team.
