Product datasheet

Anti-IRF2BP2 antibody ab114997

1 图**像**

and knockout edited cell lines for gold-standard validation. Please check that this product meets your needs before purchasing. If you have any questions, special requirements or concerns, please send us an inquiry and/or	概述			
育主 Rabit 经到试应用 运用于: IP 种属反应性 与反应: Human 预测可用于: Chimpanzee, Rhesus monkey ▲ 免疫原 Synthetic peptide, corresponding to a region within amino acids 225-275 of Human IRF2BP2 (NP_892017.2). 阳性对照 Whole cell lysate from Hela cells 常戏说明 The Life Science industry has been in the grips of a reproducibility crisis for a number of years. Accam is leading the way in addressing this with our range of recombinant monoclonal antibodie and knockout edited cell lines for gold-standard validation. Please check that this product meets your needs before purchasing. fyou have any questions, special requirements or concerns, please send us an inquiry and/or contact our Support team ahead of purchase. Recommended alternatives for this product can be found below, along with publications, customer reviews and Q&As Kté Liquid 存放说明 Shipped at 4°C. Upon delivery aliquot and store at -20°C. Avoid freeze / thew cycles. 存始游戏 pH: 7 Preservative: 0.09% Sodium azide Constituent: 99% Tris citrate/phosphate pH7 to 8 Immunogen affinity purified Kuking Shi14997 was affinity purified using an epitope specific to IRF2BP2 immobilized on solid support.	产品名称	Anti-IRF2BP2 抗体		
 送潮试应用 运用于: P 除高反应性 与反应: Human 预测可用于: Chimpanzee, Rhesus monkey ▲ 免疫原 尔hteitic peptide, corresponding to a region within amino acids 225-275 of Human IRF2BP2 (NP_892017.2). 阳性对照 Whole cell lysate from Hela cells 常规说明 The Life Science industry has been in the grips of a reproducibility crisis for a number of years. Abcam is leading the way in addressing this with our range of recombinant monochonal antibodie and knockout edited cell lines for gold-standard validation. Please check that this product meets your needs before purchasing. If you have any questions, special requirements or concerns, please send us an inquiry and/or contact our Support team ahead of purchase. Recommended alternatives for this product can be found below, along with publications, customer reviews and Q&As Kst Liquid 存放说明 Shipped at 4°C. Upon delivery aliquot and store at -20°C. Avoid freeze / thaw cycles. 存储溶液 pH: 7 Preservative: 0.09% Sodium azide Constituent: 99% Tris citrate/phosphate pH 7 to 8 Minunogen affinity purified mnunogen affinity purified using an epitope specific to IRF2BP2 immobilized on solid support. 	描述	兔多克隆抗体to IRF2BP2		
神風反应性与反应: Human 採測可用于: Chimpanzee, Rhesus monkey▲免疫原Synthetic peptide, corresponding to a region within amino acids 225-275 of Human IRF2BP2 (NP_82017.2).開性対照Whole cell lysate from Hela cells常規说明The Life Science industry has been in the grips of a reproducibility crisis for a number of years. Abcam is leading the way in addressing this with our range of recombinant monoclonal antibodie and knockout deltde cell lines for gold-standard validation. Please check that this product meets your needs before purchasing. If you have any questions, special requirements or concerns, please send us an inquiry and/or contact our Support team ahead of purchase. Recommended alternatives for this product can be found below, along with publications, customer reviews and Q&AsKtéKtáLiquid存放说明Phy To SPhy To SMunogen affinity purified apting was affinity purified using an epitope specific to IRF2BP2 immobilized on solid support.	宿主	Rabbit		
預測可用于: Chimpanzee, Rhesus monkey ▲ 免疫原 Synthetic peptide, corresponding to a region within amino acids 225-275 of Human IRF2BP2 (INP_692017.2). 間性対照 Whole cell lysate from Hela cells 常規说明 The Life Science industry has been in the grips of a reproducibility crisis for a number of years. Abcam is leading the way in addressing this with our range of recombinant monoclonal antibodie and knockout edited cell lines for gold-standard validation. Please check that this product meets your needs before purchasing. If you have any questions, special requirements or concerns, please send us an inquiry and/or contact our Support team ahead of purchase. 应用

The Abpromise guarantee Abpromise™承诺保证使用ab114997于以下的经测试应用

"应用说明"部分下显示的仅为推荐的起始稀释度;实际最佳的稀释度/浓度应由使用者检定。

应用	Ab评论	说明
IP		Use at 2-10 µg/mg of lysate.

靶标

功能	Acts as a transcriptional repressor. Acts as a transcriptional corepressor in a IRF2-dependent manner. This repression is not mediated at least in part by histone deacetylase activities.	
序列相似性	Belongs to the IRF2BP family.	
结 构域	The C-terminal RING-type zinc finger domain is necessary for interaction with BAP1.	
细 胞定位	Nucleus.	

图片

Immunoprecipitation: 1 mg of HeLa cell lysate immunoprecipitated using ab114997 at 6 µg/mg lysate; 20% of immunoprecipitate was loaded/lane. Western Blot of immunoprecipitate: Anti-IRF2BP2 antibody at 1 µg/ml. Developed using the ECL technique Exposure time: 1 second Predicted band size: 61 kDa

Please note: All products are "FOR RESEARCH USE ONLY. NOT FOR USE IN DIAGNOSTIC PROCEDURES"

Our Abpromise to you: Quality guaranteed and expert technical support

- · Replacement or refund for products not performing as stated on the datasheet
- Valid for 12 months from date of delivery
- Response to your inquiry within 24 hours
- We provide support in Chinese, English, French, German, Japanese and Spanish
- Extensive multi-media technical resources to help you
- · We investigate all quality concerns to ensure our products perform to the highest standards

If the product does not perform as described on this datasheet, we will offer a refund or replacement. For full details of the Abpromise,

please visit https://www.abcam.cn/abpromise or contact our technical team.

Terms and conditions

• Guarantee only valid for products bought direct from Abcam or one of our authorized distributors
