Human MICB ELISA Kit ab100593

2 References 2 图像

概述

产品名称 人MICB ELISA试剂盒

检**测方法** Colorimetric

样品类型 Cell culture supernatant, Serum, Plasma

检测类型 Sandwich (quantitative)

灵敏度 < 75 pg/ml

范围 0.069 ng/ml - 50 ng/ml

回收率 95 %

特定样本回收率

样品类型	平均%	范围
Cell culture supernatant	98.22	91% - 125%
Serum	113.1	102% - 122%
Plasma	75.47	65% - 88%

实验步骤 Multiple steps standard assay

种属反应性 与反应: Human

产品概述 Abcam's MICB Human ELISA (Enzyme-Linked Immunosorbent Assay) kit is an in vitro enzyme

linked immunosorbent assay for the quantitative measurement of Human MICB in serum, plasma,

and cell culture supernatants.

This assay employs an antibody specific for Human MICB coated on a 96-well plate. Standards and samples are pipetted into the wells and MICB present in a sample is bound to the wells by the immobilized antibody. The wells are washed and biotinylated anti-Human MICB antibody is added. After washing away unbound biotinylated antibody, HRP-conjugated streptavidin is pipetted to the wells. The wells are again washed, a TMB substrate solution is added to the wells and color develops in proportion to the amount of MICB bound. The Stop Solution changes the

color from blue to yellow, and the intensity of the color is measured at $450\ \text{nm}.$

说明 Optimization may be required with urine samples.

平台 Microplate

1

存放说明

Store at -20°C. Please refer to protocols.

组 件	1 x 96 tests
200X HRP-Streptavidin Concentrate	1 x 200µl
20X Wash Buffer	1 x 25ml
5X Assay Diluent B	1 x 15ml
Assay Diluent A	1 x 30ml
Biotinylated anti-Human MICB	2 vials
MICB Microplate (12 x 8 wells)	1 unit
Recombinant Human MICB Standard (lyophilized)	2 vials
Stop Solution	1 x 8ml
TMB One-Step Substrate Reagent	1 x 12ml

功能

Seems to have no role in antigen presentation. Acts as a stress-induced self-antigen that is recognized by gamma delta T cells. Ligand for the KLRK1/NKG2D receptor. Binding to KLRK1 leads to cell lysis.

组织特异性

Widely expressed with the exception of the central nervous system where it is absent. Expressed in many, but not all, epithelial tumors of lung, breast, kidney, ovary, prostate and colon. In hepatocellular carcinomas, expressed in tumor cells but not in surrounding non-cancerous tissue.

疾病相关

序列相似性

Genetic variations in MICA are a cause of susceptibility to rheumatoid arthritis (RA) [MIM:180300]. It is a systemic inflammatory disease with autoimmune features and a complex genetic component. It primarily affects the joints and is characterized by inflammatory changes in the synovial membranes and articular structures, widespread fibrinoid degeneration of the collagen fibers in mesenchymal tissues, and by atrophy and rarefaction of bony structures.

Note=The MICB*004 allele is associated with rheumatoid arthritis.

Note=Genetic variation in MICB is associated with cytomegalovirus and herpes simplex virus I seropositivity and this may be associated with schizophrenia risk.

Belongs to the MHC class I family. MIC subfamily.

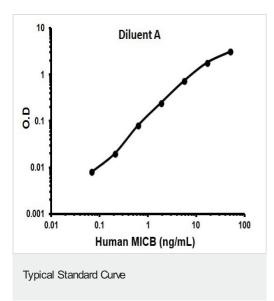

Contains 1 lg-like C1-type (immunoglobulin-like) domain.

翻译后修饰 Proteolytically cleaved and released from the cell surface of tumor cells.

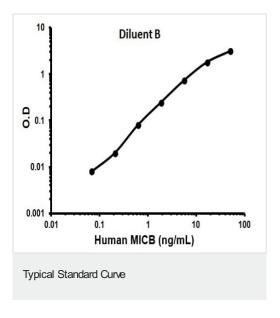

细胞定位 Cell membrane. Binding to human cytomegalovirus glycoprotein UL16 causes sequestration in

the endoplasmic reticulum.

Please note: All products are "FOR RESEARCH USE ONLY. NOT FOR USE IN DIAGNOSTIC PROCEDURES"

Our Abpromise to you: Quality guaranteed and expert technical support

- Replacement or refund for products not performing as stated on the datasheet
- Valid for 12 months from date of delivery
- Response to your inquiry within 24 hours
- We provide support in Chinese, English, French, German, Japanese and Spanish
- Extensive multi-media technical resources to help you
- We investigate all quality concerns to ensure our products perform to the highest standards

If the product does not perform as described on this datasheet, we will offer a refund or replacement. For full details of the Abpromise, please visit https://www.abcam.cn/abpromise or contact our technical team.

Terms and conditions

• Guarantee only valid for products bought direct from Abcam or one of our authorized distributors
